## PROFESSIONAL EXPERIENCE

---

**Technical Director**, The Saban Theatre – Beverly Hills, CA 08/2024 to Present

- Functioned as venue technical lead, ensuring seamless integration between venue systems, touring productions, and client requirements.
- Diagnosed and resolved complex technical issues in real time under high-pressure live show environments with minimal downtime.
- Trained and supervised stagehands, technicians, and freelance crew members on venue procedures, equipment operation, and production workflows.

**Production Manager**, The Canyon Club – Montclair, CA 01/2024 to 08/2024

- Oversaw end-to-end technical production for high-profile live entertainment and corporate events from pre-production through execution.
- Balanced technical execution, crew leadership, and client relations in fast-paced, high-stakes production environments.

**Sound & Lighting Engineer**, Freelance 06/2019 to Present

- Engineered and operated professional audio and lighting systems — including digital consoles and theatrical rigs — across live performances, corporate presentations, and theatrical productions.
- Collaborated with leading production companies and entertainment brands including Netflix, Live Nation, Sony FYC, Neil deGrasse Tyson, Chaplin Studios, Paris & Nicole: The Encore, and others.
